## Class Structure

All classes begin in a circle formation where students build relationships with fellow classmates and teachers. There is a memory verse and activity, game or coloring sheet that corresponds to the scripture shared. Students are led in a brief prayer to begin class warm-up and activities. Each class meeting is uniquely different but structured the same to create stability and creativity for the students enjoyment. We also have a controlled classroom environment and small class sizes whereby students have equal opportunity for growth and one-on-one attention. All students learn to use creative movement as a form of worship and prayer unto the Lord as mentioned in the scriptures. Classes are uplifting and encouraging and meant to stimulate young minds and help with coordination and poise. Students will begin to develop graceful movement as they practice and train on a weekly basis.
